

Hello! I'm Elia and I'm sixteen years old so I was born on 9th July 1997. I'm not very tall, I have brown hair and bright eyes. I live in a little town near Florence called Tavarnelle Val di Pesa. I like it because the countryside is fantastic. The school where I go is San Giovanni Bosco in Colle Val d' Elsa.

In my free time I play football in a team in Florence, who is called Olimpia Firenze. I have football practise three times a week. I love playing it, because I don't think of my problems and in this team I have a lot of friends.

This is San Donato in Poggio and I live here. It is a little village in Chianti, there is a primary school, three churches and other shops.

It's very little but I like living here because it's quiet even if boring sometimes. When I go out with my friends we prefer to go near Florence.

This place is famous for tourism because the landscape is fantastic.

I decided to participate in the project because I like to travel and try new experiences. Besides, I think it's important to know other languages too. I am a little scared because I have to take the plane but I hope and think I will laugh over this fact.
